DETAILED ACTION

Claims 1-30 are pending.

Election/Restrictions

Claims 9-30 are withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to a nonelected Groups II-XII, there being no allowable generic or linking claim. Election was made **without** traverse in the reply filed on 8/27/2008.

Applicant's election without traverse of a fungicide (tebuconazole) as the cytotoxic agent in the reply filed on 8/27/2008 is acknowledged. Applicant inadvertently failed to include the election of an ectophosphatase inhibitor.

During a telephone conversation with Tamsen Barrett on 11/14/2008 a provisional election was made without traverse to prosecute the ectophosphatase inhibitor of Formula II. Affirmation of this election must be made by applicant in replying to this Office action. Claims 3, 4, 6 and 7 are drawn to nonelected cytotoxic agents and are herein withdrawn from consideration. Claims 1, 2, 5 and 8 are under examination.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1, 2, 5 and 8 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite in that it fails to point out what is included or excluded by the claim

language. Claims 1 and 8 are omnibus type claims. Furthermore, all dependent claims are rejected.

Ex parte Fressola 27 USPQ2d 1608 (Bd. Pat. App. & Int. 1993) states: 'Claims must, under modern claim practice, stand alone to define invention and incorporation into claims by express reference to specification and/or drawings is not permitted...'. Therefore, reference to Table 1 in claim 1 and Formulae I-XX in claim 8 fail to particularly point out and distinctly claimed invention. Therefore, the claims are given there broadest reasonable interpretation and include any ectophosphatase inhibitor in combination with a fungicide.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(a) the invention was known or used by others in this country, or patented or described in a printed publication in this or a foreign country, before the invention thereof by the applicant for a patent.

Claims 1, 2, 5 and 8 rejected under 35 U.S.C. 102(b) as being anticipated by Windsor et al. (WO 02/20726) as evidenced by Valcke (US 5,223,524).

Windsor et al. disclose ectophosphatase inhibitors of formula I-XX (pages 13-19). Suramin (Formula XIX) is formulated into a composition comprising a pesticide, defined as a fungicide (cytotoxic agent) (page 8, lines 3-21; page 9, line 5-10).

Valcke provides evidence that tebuconazole is a fungicide (abstract).
